## FREDERICK ASPER DIES AT HIS HOME

Well Known Business Man of Adams  
County Succumbs after Illness  
of a Long Duration. Widely  
Known.

Frederick A. Asper, proprietor of  
the Penn Tile Works at Bendersville  
Station, died at half past eleven Fri-  
day night from a complication of dis-  
eases with which he had been suffer-  
ing for almost a year. He was 68  
years old.

Mr. Asper was almost a life long  
resident of the county and one of its  
best known business men. He was  
born near York Springs and spent his  
early years there. He enlisted at the  
time of the Civil War and after his  
return home engaged in the nursery  
business, being one of the principal  
representatives of the Franklin Davis  
Nursery Company, of Baltimore. He  
had about one hundred agents under  
him and himself traveled extensively  
through the southern states in the  
interest of the firm, using the old time  
sulky, as means of travel in those  
days were few.

Later he purchased a farm near the  
present site of Aspers and some time  
after that purchased the mill of his  
father-in-law, Henry Eppelman,  
which he remodeled and conducted up  
to the time of his death. The tile  
mill was erected in 1893 and with his  
sons he operated it successfully ever  
since, making it one of the best  
known industries of the county.

Mr. Asper was ever alive to the in-  
terests of his community and was one  
of the most energetic in securing the  
construction of the railroad through  
the upper end. He solicited stock  
subscriptions and with several others  
was largely responsible for the build-  
ing of the road.

The settlement about the station  
has grown since he moved there and  
a post office was established, taking  
his name, and the place is now known  
as Aspers. In addition to his inter-  
ests there he is also a director in a  
cattle ranch in the west and con-  
cerned in extensive investments in  
Baltimore.

Mr. Asper leaves his wife and four  
children, Charles F. Asper, and Den-  
nis C. Asper, of Aspers; Mrs. Robert  
Hawbecker, of Camp Hill, and Mrs.  
E. B. Snyder, of Hagerstown. He also  
leaves two brothers and three sisters,  
John Asper, of Chambersburg; J. H.  
Asper, of York Springs; Mrs. Hoeft,  
of Bendersville; Mrs. Naylor, of Eli-  
zabethville; Mrs. Lyda Rice, of Me-  
chanicsburg.

Funeral Monday afternoon at 1.30  
from his late home. Services in the  
Bendersville Lutheran church. Inter-  
ment in the cemetery at Bendersville.

## MAJOR NORMOYLE TO GOVERN CAMP

Officer who Had Charge of Relief  
Work on Mississippi River is  
Given Command over Battle Anni-  
versary Camp.

Secretary of War Stimson has de-  
tailed Major James E. Normoyle, of  
the Quartermaster's Department, to  
have complete charge of arrange-  
ments for the semi-centennial of the  
Battle of Gettysburg, to be held on  
the battlefield July 1, 2, 3, and 4, next.

Major Normoyle was the officer who  
had charge of the relief works in the  
vast Mississippi Valley flood district  
during the great flood of this year,  
when for a time more than 1,000,000  
people had to look to the army offi-  
cers for relief. Major Normoyle's  
work was of a character that attract-  
ed the attention and admiration of  
his superiors, and it is for this reason  
he is selected by Secretary Stimson  
to take charge of the big celebration  
at Gettysburg next July, when it is  
expected at least 40,000 veterans of  
the Civil War will be guests of the  
Government and of the State of Penn-  
sylvania for several days.

Major Normoyle will lay out the  
grounds on which the thousands of  
tents for the housing of the veterans  
will be pitched. He will plan and su-  
pervise the commissary department,  
including the hundreds of improvised  
kitchen and dining tents, and will  
have charge of all transportation fa-  
cilities and everything else relating to  
the encampment. He will open his  
office in Gettysburg next week and  
begin work of preparing for the cele-  
bration.

In connection with the anniversary  
of the battle the following informa-  
tion is desired by Adjutant General  
Thomas J. Stewart, as to surviving  
soldiers, now residing in Pennsylvan-  
ia, who served in Pennsylvania or-  
ganizations that participated in the  
Battle of Gettysburg, and who en-  
listed and served therein prior to July  
4th, 1863:

Name, command, date of enlistment,  
date of discharge, post office address,  
railroad station nearest to residence.

Post commanders and members of  
Posts of the Grand Army of the Re-  
public, and officers and members of  
kindred soldier organizations and  
auxiliary organizations, are urged to  
give this matter all possible publicity  
and to render assistance in having the  
information desired furnished by the  
individual soldier at the earliest date.

### TO BE A CITIZEN

Harry Gottlieb Wants to be an Amer-  
ican Citizen.

Harry Gottlieb, who conducts the  
shoe repairing establishment at the  
corner of Chambersburg and Wash-  
ington streets, desires to be a natu-  
ralized American citizen and on  
Thanksgiving Day went through the  
preliminaries to accomplish that end.

Before Squire Harnish he produced  
two witnesses who testified that he  
had been in this country more than  
five years and in ninety days he will  
appear in court to answer a few ques-  
tions and receive his papers. Mr.  
Gottlieb is a native of Poland but has  
been living in this country for some  
time, making Gettysburg his home  
for several years. He is much inter-  
ested in happenings here and in the  
country at large and will doubtless  
make a patriotic American.

## CAUGHT BENEATH FALLING TREE

Andrew C. Ilyes, of Near Abbots-  
town, Receives Injuries which  
may Prove Fatal. Ribs Torn from  
Spine.

Caught and pinned to the earth by  
an oak tree which he had felled, An-  
drew Conrad Ilyes, a helper on the  
Bert Ensminger farm, near Abbots-  
town, had five of his ribs torn loose  
from the spine and was injured in-  
ternally. His death is expected.

The accident occurred on Friday,  
Ilyes had chopped the tree more  
than half through when it fell  
over against another tree. With  
chains and tackle preparations were  
made to lower it. As the remaining  
portion of the trunk was cut through  
the tree fell with a crash. Ilyes in  
trying to avoid the tree became en-  
tangled in the chain and fell in the  
path of the trunk.

The trunk of the tree struck the man  
over the upper part of the back and  
bore him to the earth. Farm hands  
who were helping him came to his  
rescue and after a short time succeed-  
ed in raising the trunk. Ilyes was un-  
conscious when taken from beneath  
the tree. He was carried to the En-  
sminger house and Dr. G. Elmer Krout,  
was summoned.

An examination by the physician  
showed that the third, fourth and fifth  
ribs of the right side and the fourth  
and fifth on left side were disloca-  
ted, being separated from the spinal  
column. The extent of his internal  
injuries cannot be ascertained until  
tomorrow. Ilyes is fifty-five years of  
age.

## RAISE FLAG OVER NEW POST OFFICE

Stone All in Place, Roof Completed  
and Flag Pole Erected on New  
Federal Building. Now Finishing  
Inside.

A fine new American flag now floats  
over the federal building on Balti-  
more street, the stone work on the  
building proper has been completed  
the roof is finished and the large der-  
rick has been taken down.

Practically all this occurred on Fri-  
day afternoon and evening. With  
the removal of the derrick workmen  
commenced operations at closing the  
hole in the roof and they continued  
until well on toward midnight before  
their task was finished. The stone  
work is practically completed with  
the exception of the steps and porches  
at the front of the building. The  
steps on the High street side are fin-  
ished.

The American flag which floats over  
the building is fastened to a fine new  
pole which is surmounted by a large  
brass ball, the whole presenting a  
very attractive appearance. The real  
beauty of the building is more appar-  
ent now than at any time during op-  
erations and its beauty when fin-  
ished can be easily imagined. The  
work of carving some of the rough  
stone remains to be done.

The builders are now "out of the  
weather" and may continue work dur-  
ing the coldest temperatures of the  
winter months so that hopes are en-  
tertained that the structure may be  
ready for use before the battle anni-  
versary next year.

### LEG BROKEN

Robert Hoffman, of Near New Ches-  
ter, Has Painful Injury.

Robert Hoffman, aged 24 years,  
and living a mile from New Chester,  
had his left leg broken between the  
knee and ankle on Friday afternoon  
as the result of a runaway. Mr. Hoff-  
man and his brother, John, were haul-  
ing water from Conewago Creek and  
it is supposed that the rattling of the  
cans caused the horses to take fright.  
When they started Robert jumped  
from the wagon to take hold of the  
bridle. He was knocked down and the  
wagon passed over him. The other  
brother was not hurt. Both are sons  
of Benjamin Hoffman.

## HICKEY ADMITS MURDER OF BOYS

Killed One in New York and  
One in Lackawanna.

## GIVES SIGNED STATEMENT

Attributes His Crimes to Excessive  
Use of Liquor—Has Mania For Kill  
ing Boys When Drunk.

Buffalo, N. Y., Nov. 30.—J. Frank Hickey made a full confession of the murder on Oct. 12, 1911, of Joseph Josephs, the seven-year-old boy, of Lackawanna, a suburb of this city; also of Michael Kruck, a New York newsboy Dec. 12, 1902.

Death in both instances was caused by strangulation. Hickey attributed his crimes to the excessive use of liquor. When drunk, he said, he was possessed of an irresistible mania for killing boys. He denied that he had committed other similar crimes, and said he was repentant for his deeds and expected to pay the penalty.

The confession was made to Wesley C. Dudley, the district attorney. The whole tale has been reduced to a formal statement and has been signed by Hickey.

Hickey is forty-seven years old and divorced. He has a son twenty-one years old. He is a chemist by profession and is possessed of the mildest manners and the most ingratiating personality.

Previously he has admitted to the police that he is a drunkard and on several occasions was an inmate of the Keswick Colony of Mercy, where drunkards are given a chance to reform. It is located near Whittings N. J., the place Hickey was traced to through letters he had written, these letters being the principal and, for a time, the only clues to the murder of Joseph Josephs, whose dismembered body was found in an outhouse near his home on Nov. 16 last.

Josephs disappeared on the afternoon of Oct. 12, 1911. It was at first believed he had been drowned, but his father, George Josephs, a prominent merchant of Lackawanna, insisted that the boy had been kidnapped and a countrywide search was instituted.

The case attracted widespread attention, as the father from time to time received anonymous letters warning him to discontinue the search under threat that his son would be murdered. In one postal card from Boston the then unidentified writer wrote of murdering a boy in Central park, New York city. It reads:

"Wednesday night, Dec. 10, 1902, I enticed Michael Riccio Kruck, a newsboy, into the park opposite the entrance to the arsenal police station. I strangled him and just escaped the officer who found him. Three times I have taken life, twelve times have tried and cannot help it."

Another card, dated Oct. 30, 1912, was as follows:

"Joseph Josephs will be found in the bottom of the outhouse back of saloon near Doyle's, on Ridge road. A drunk crazed brain done the deed and remorse and sorrow for the parents is bringing the results which will soon come to an end. The demon whisky will then have one more victim, making four in all. The next morning I tried to kill a little newsboy, an Italian, who always stands in the morning at Seneca street. The boy knew me well. Ask him. I wish to pay the price, but will not let the Boston police get me for my family's sake."

The principal evidence in the hands of the police up to two weeks ago was a letter written under a New York date and mailed at Whittings, N. J., on Feb. 1, 1912.

That letter was turned over to the police by John Hoskyn, chief millwright of the American Chemical Agricultural Works, of Buffalo. Hoskyn said the writer applied for a job in the chemical works on Sept. 13, 1911. The applicant seemed to be above the class of work obtainable in the plant, but he accepted employment and remained there four days. On departing he promised to write Hoskyn, which he did four months afterward.

The police then traced Hickey to Whittings, where he was arrested.

Cashier Stole \$44,300.  
Grand Rapids, Mich., Nov. 30.—John W. Sibbon, former cashier of the First National bank, of Manistee, pleaded guilty in the United States court to embezzling \$44,300 from the bank, and was sentenced by Judge Sessions to serve seven years and six months at hard labor in the federal prison at Fort Leavenworth, Kan.

Greek Beheads Son.  
Athens, Nov. 30.—Because Luciet Katherorides, a Greek, aged nineteen years, tried to escape joining the troops in arms against Turkey, his father cut off the young man's head with an axe.

Thieves Miss \$4000.  
Chicago, Nov. 30.—Burglars entered an office directly across the street from police headquarters and stole jewelry valued at \$500. The burglars overlooked a box containing \$4000.

Hazelton, Pa., Nov. 30.—Attempts to cross a street to buy candy as a trolley car approached, five-year-old John Litvach was run down and instantly killed.

## SAY CZARINA TRIED TO KILL HERSELF

Attempt Followed Report Son's  
Condition Was Hopeless.

Berlin, Nov. 30.—Code dispatches received from St. Petersburg say that the czarina attempted to commit suicide on Wednesday after being informed by court physicians that there was no hope for the complete recovery of Grand Duke Alexis, the young czarvitch.

The condition of the czarina's health has steadily been growing worse since her son was stricken. No details of the manner in which she tried to end her life are given in the dispatches.

## Regarded as an Invalid Child.

London, Nov. 30.—A correspondent of the Daily News says:

"From an excellent authority I have been able to learn the facts regarding the health of the czarvitch. He is to be regarded as an invalid child, and in a vague way people have come to believe that the boy is not to be czar, as inevitably follows the stories circulating of predictions of religious mystics and suchlike that Michael, the czar's only brother, will reign. Michael is morganatically allied to the divorced wife of a Russian cavalry officer and has two children by her. He takes no part in political, military or court activities."

## HANGED AFTER 7 TRIALS

Execution Marks End of Remarkable Case in Jurisprudence.

Waxahachie, Tex., Nov. 30.—Burrell Oates, a colored man, convicted of murder eight years ago, was hanged here.

The execution marked the end of a remarkable case in jurisprudence. Oates, without money or influential friends, obtained seven trials, and his case was responsible for two changes in Texas statutes. His fight for life was the more remarkable by the fact that in each of the seven trials juries found him guilty of murder and six of them condemned him to death. The other jury, being unable to agree over the penalty, caused a mistrial, although declaring the defendant guilty.

The sixth trial was declared void because the jury in writing its verdict inadvertently omitted the words "in the first degree" in finding Oates guilty.

## HUNTER KILLS HIMSELF

Shot Himself While Concealed in Tree Waiting For Deer.

Chambersburg, Pa., Nov. 30.—George Mich, of Hampton, Adams county, accidentally shot and killed himself while hunting deer at the point in the South mountain not far from here.

Mich was in a tree at a crossing, having climbed to get a more advantageous position. After settling himself in the tree he asked a cousin, a fellow hunter, to hand up his rifle. This the young man did and went away.

Shortly afterward he heard the report of a gun and a cry, and on going back found Mich under the tree, dying.

A bullet entered his right side and passing through his body emerged from his left shoulder. He died soon afterward.

## Bank Cashier a Suicide.

Paducah, Ky., Nov. 30.—Emmett S. Bagby, assistant cashier of the City National bank, of Paducah, shot and killed himself in the basement of the bank here. Two examiners are working on the institution's books.

## Fire Destroys Packing Plants.

Chicago, Nov. 30.—Fire broke out in the plant of Armour & Co. at the Union Stock Yards, causing a large property loss. The fire started in the shipping station, and in a few minutes the five-story structure was in flames.

### STOLE TURKEY?

Think Autoists Stole 25 Pound Bird From County Home.

On Monday morning a fine 25 pound turkey gobler was missing from the Cumberland county home. It is believed the bird was stolen, and probably by a party in an automobile for between one and two o'clock one of the nurses on night duty, Wesley McBride, and other attendants saw an automobile come up the lane to the home grounds and go in the direction of the chicken coop. Thieving was not thought of then, but apparently the ride to the coop had something to do with the strange disappearance of the turkey.

### WHO OWNS FOX?

Carlisle Justice Decides an Unusual Question.

If you attend a fox chase and kill the fox instead of letting the dogs kill it you must turn it over to the man that set it at liberty. This is in effect what Justice Martin, of Carlisle, decided in the case against John Cornman charged with larceny of a fox by Frank Hughes, when the Justice handed down his decision Wednesday evening, discharging Cornman. But the question is now, "Is there any act of assembly prohibiting the shooting of a fox?" Justice Martin's decision had to do with the ownership of a sly reard after he is shot.

## CHRISTMASY TRIFLES.

Make Somebody Happy by Giving Her a Reticule.

Every Christmas needworker this year is making a reticule for somebody. There is a craze at present for these graceful bags, and styles range from simple affairs of linen for use with next summer's frocks to the most elaborate bags of satin and gold lace, to be carried with opera and theater costumes. Such a bag, if it is to be successful must be fashioned with the very best of materials, and a really handsome bag of this sort may easily cost \$4 or \$5 for the materials alone, though the finished models in the shops, especially the imported models, are tremendously expensive. The handsome reticules are made of heavy, soft satin, velled with gold lace or metallic net and ornamented with the tiny ribbon flowers which may be bought all ready to apply. Simpler bags of satin, embroidered with silk or chenille and braided with gold or silver cord, are very effective also, and most dainty theater bags may be made of Dresden ribbon, lined with soft, heavy satin in a delicate pastel tint. The large reticule is always perfectly flat in shape and is usually in envelope style, with one side buttoning over the other at the top. A thin strip of whalebone should be inserted inside the lining across the top of such a reticule.

### Quaint Effects in Pincushions.

A charmingly quaint little pincushion and one that can easily be made by the girl who can handle a needle, is the Browne cushion. Hunt up one of your long neglected friends, the ping pong ball, and with watercolors paint a weird looking face upon it. Then take a piece of sateen the color you wish to dress Browne in and cut it five inches long by three inches wide. Sew this tightly at each end to form ears that stand away from the head and gather the rest up behind to make the little baldheaded cap, then paint in a little fringe of hair to peep

out underneath the cap, which will improve the looks of Browne.

A small, tight body is made out of a ball of raw cotton. This is so covered with sateen to match the cap and sewed down fast in the back. Arms and legs are made by covering wide ribbon wire with pale pink satin ribbon. These are attached to the cotton body before the dress is put on, and they can be bent into any funny pose you wish. It is cunning to have Mr. Browne look as if he were sitting down in crossing fashion like a tin-tailor.

In his two hands he holds a bon of narrow ribbon with a long loop at tached. This serves to hang the little fellow up with if you wish to have him at the side of your dressing table.

No one wants to stick cold steel into this dear little fellow, so at his back you sew fast a long narrow cushion in which you may run all the pins and needles you wish without marring the neat looks of your little friend.

The doll cushion illustrated is a charming trifle made of ribbon and cream satin touched up with water colors.

### A Utility Square.

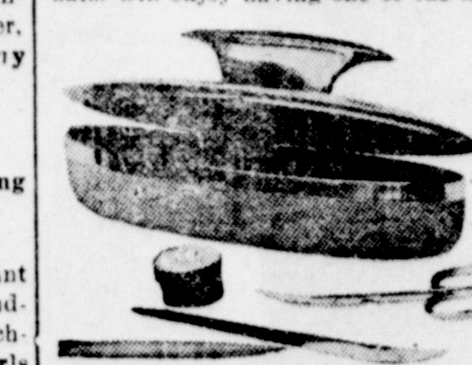

If you have a friend who lives in a boarding house she will appreciate the gift of a utility square.

This is simply a fifty-four inch square of china silk, cretonne, silk-line, linen or any soft material that will take little room in a suitcase and which is used to throw over a chair on which underclothing has been put to air when it is necessary to open the door to admit a helboy, maid or any stranger who may knock.

The edges of the square are either finished with a plain hem, hemstitched or fringed. Fringed edges are most graceful. If plain material is chosen a flower or some attractive conventional at design is embroidered in each corner.

### Manicure Set.

Women who manicure their own nails will enjoy having one of the new

## UNDERLINEN FOR YOUNG GIRL

Garments May Be Made at Home Much Cheaper Than They Can Be Purchased.

These patterns may be made up in cambric, or fine longcloth. The nightdress has an Empire bodice composed of tucked material and insertion front and back, the full lower part being joined on by a wide beading, through which ribbon is threaded; the neck is outlined with insertion edged with lace. Ribbon threaded beading edged with lace trills finishes the sleeves. Materials required: 4 1/2 yards 40 inches wide, 1 1/4 yard beading, 8 yards

ribbon, about 3 yards insertion, 3/4 yard narrow lace, 1 yard wide lace.

The Camisole and Combinations are very simple as to trimming, three tucks are made each side front, insertion and lace edging both neck and armholes.

The legs of the Combinations are gathered into beading, to which are attached deep frills that are edged with lace and two tucks above the lace.

Materials required for the camisole: 3/4 yard 40 inches wide, 2 1/2 yards insertion, 2 1/2 yards lace. For the combinations: 2 1/2 yards 40 inches wide, 3 yards insertion, 5 yards lace.

### CARE OF THE CANDLE SHADE

Lace Covers May Easily Be Arranged So That Laundering Work Will Not Be Hard.

Keep the lace covers on candle shades separate from the lining so they can be laundered easily. They are quickly tacked to the linen or silk lining with bead fringe and mica lined, that comes in various shades of green, white, pink, blue, red and yellow and costs about 40 cents apiece, according to the New York Times.

Another cover for these linings is the lingerie one made of sheer white linen, embroidered in mercerized cotton in eyelet designs. A distinctive set has a fine buttonholed scallop at top and bottom, a bunch of conventional forget-me-nots at one side and on the other a medallion in eyelet work with the monogram of the owner done in raised satin stitch within.

A popular shade is made of overlapping silk petals with bead fringe. These come in green, yellow, red, old rose, blue and pink. The same shades can be found in the electric shade made to fit sixteen-candlepower bulbs.

### FUR EDGING COMING BACK

Garniture That May Be Made Very Charming Is Returning to Popular Favor.

With our pretty round walking skirts fur edgings are coming very much to the fore again, although it must be owned that the fur is as often as not used with thin materials as it is with cloth and velvet.

For instance, there is a charming frock made of mousseline de sole in two tones, the top and upper part of the skirt which reaches half way to the knees, being carried out in rich emerald green, while the rest of the skirt is in snuff-colored mousseline de sole with a border of skunk. This is a very successful toilette, the color scheme being both original and pleasing, while the skunk lends it a special note of richness. In detail the gown is simplicity itself, the corsage joining neatly at the throat where there is a frill of fine lawn, while the sleeves are put into a seam just below the turn of the shoulders, and the fronts are fastened with crystal buttons set into little bows of dark brown velvet.

### Reindeer Purse.

Made of reindeer skin are many of the new purses shown in one of the leather goods shops. The purses have the hand strap and are lined with moire. Inside there is a tiny change purse, a powder case and a handkerchief pocket. The particularly attractive feature of these purses, says the New York Herald, is the variety of exquisite shades in which they are to be had. There is scarcely one of the subtle new shades fashionable this season which may not be matched in these purses. They come in Manhattan red, mauve, deep violet, crushed strawberry, Hudson green, Bleriot blue and a host of other lovely shades. The purse is fastened with an ornament in enamel to match the color of the leather.

## Oakland

"THE CAR WITH A CONSCIENCE"

## Model 42 Oakland

MODEL 42 five-passenger touring car is bound to create a deep impression before the season is far advanced. It embodies sound engineering principles and possesses enough meritorious innovations to distinguish it from the common type of touring car. The body has a number of daring lines which stamp it as an individual design, and the aluminum steps, shroud and V-shaped radiator give the car a dashing appearance.

Oaklands are made in four and six cylinder types—\$1000 to \$3000—four, five and seven passenger touring cars, limousines, coupes and roadsters.

Will be pleased to have you call for a demonstration.
